

At this time, the ministry is not considering any fixed-roof accommodation development at Nancy Greene Park. Should any proposal be received in the future, it will be subject to BC Parks comprehensive impact assessment process including consultations with First Nations, the public and other stakeholders such as the Friends of the Rossland Range.

I appreciate the role that the Friends of the Rossland Range has played in working towards the protection of natural, recreational and community values in the Rossland Range. I have provided a copy of your letter to our Kootenay Regional Office in Cranbrook, who is responsible for the day-to-day management of Nancy Greene Provincial Park.

Yours truly,

A handwritten signature in black ink that reads "Nancy J. Wilkin". The signature is written in a cursive style with a horizontal line under the name.

Nancy Wilkin
Assistant Deputy Minister
Environmental Stewardship Division

pc: Honourable Barry Penner, Minister of Environment
Kim Deane, Chair, Friends of the Rossland Range Society
Kootenay Regional Office, Cranbrook, Ministry of Environment
