## **INTERMISSION**

### **A Life Ascending (57:00) *Ptarmigan Films***

Stephen Grynberg's first feature length award-winning documentary film chronicles the life of acclaimed ski mountaineer and mountain guide Ruedi Beglinger. Living with his wife and two young daughters on a remote glacier in the Selkirk Mountains of British Columbia, Beglinger has built a reputation as one of the top mountaineering guides in the world. The film follows his family's unique life in the mountains and their journey in the years following a massive avalanche that killed seven people. Documenting the sublime beauty and ever-present risk of a life lived on the edge, the film ultimately explores the power of nature as both an unforgiving host and profound teacher. An award-winner at the Banff Mountain Film Festival and others, not to be missed. [www.alifeascending.com](http://www.alifeascending.com)
