

### HAPPY NEW YEAR TO ALL

- The cabins are now open on a limited basis. Please see the website or the Facebook page for complete details. (Links are below) Limits and expectations are posted at every cabin and at all trailheads. Please respect this directive to keep everyone safe and the cabins open.
- A virtual AGM was held November 24, 2021. Minutes are posted on the website.
- Snowfall has been a little less than normal and the temperatures dipping low but the Rec Site has been busy.
- There is very little firewood at the Chimo Cabin. You may want to pack in your own if you want to warm up or toast your cheese sandwich.
- Safe off-highway parking in the Rec Site – 5 lots – is very important to users. While YRB does what they can some time after the snowfalls, most clearing is by a contractor (Simms) arranged for and paid by FORR. Last year we spent nearly \$6,000. Please help with donations through the website – very simple with tax receipts provided or use the donation box near the main kiosk at the Summit. All donations are greatly appreciated.
- The wooden sculpture near the accessible trailhead is part of the KCTS 7 Summits Cedar Trail Project. It was created by local artist Lars Baggenstos.

*Please remember to maintain social distancing, stay safe, and enjoy our wonderful Rec Site.*
